

Subject: ESA Consultation: CA Se Water Quality Criterion - Proposed Rule
Location: Conference Call
Start: Thursday, August 29, 2019 9:00 AM
End: Thursday, August 29, 2019 10:00 AM
Recurrence: (none)
Meeting Status: Not yet responded
Organizer: Fleck, Diane (LA user)
Attachments: FINAL March 20 2019 Proposed Rule Presentation.pdf

All: Please hold this date and time (**Thursday, 8/29 @ 9-10 Pacific/12-1 Eastern**) on your calendar for our next conference call concerning the ESA consultation for EPA's proposed selenium water quality criterion for California. I will send out a call-in number and agenda when we get closer to the date.

Thanks, Diane

UPDATE:

Good afternoon everyone,

This is a reminder that we have a conference call on Thursday at 9 am (Pacific)/12 pm (Eastern) to discuss the ESA consultation for EPA's proposed selenium water quality criterion for California freshwaters. The proposed rule was published in the Federal Register on December 13, 2018 and can be found here:

Error! Hyperlink reference not valid.

The call-in number is: (628) 246-1294 Conference ID: 5069372

Attached is the powerpoint used for EPA's Public Hearings in March. The document summarizes the background (slides 7-13) and scope (slides 14-20) of our action; I am including it here as a review in preparation for our discussion. I will also go over where site-specific objectives for selenium already apply in California, and therefore, where the proposed rule would not apply.

Below is a proposed agenda; please let me know if you would like to make any changes.

Proposed Agenda

1. Introductions
2. Overview of Proposal/Agency Action
 - a. Proposed Criterion and Structure
 - b. Applicability
3. Requests for Species and Habitat Lists & Technical Assistance (Initiation of Informal Consultation)
4. Proposed Timeline
5. Summary

Please let me know if you have any questions. Thank you, and I look forward to our discussion.

Diane
